

# FLEETGENIUS COMPACTORS

INNOVATIVE DESIGNS FOR PEAK PERFORMANCE

- Stationary Compactors for Solid Waste and Recycling
- Self-Contained Compactors for Food Waste and Liquid Containment
- Custom and Heavy Duty Designs for Special Applications
- Customized Feed Options such as Hoppers, Chutes, Enclosures, Cart Dumpers, Etc.
- Exceptional Quality, Customer Service and Technical Support
- All Based Out Of FleetGenius's 300,000 Sq Ft Manufacturing Facility in Lenoir, NC

## STATIONARY COMPACTORS

- The FleetGenius Line of Stationary Compactors offers exceptional structural integrity for many years of dependable service.
- All compactors are designed to provide reliable performance in solid waste and recycling applications.
- Engineered, custom load options and container lifts are built turnkey by FleetGenius.
- Optional features such as Oil Heaters, Odor Control, Auto Cycles, Multi Cycles, Remote Controls, Trash Monitoring Systems, Pin Offs, Phase Converters, and more are available!
- Sales, Service, Manufacturing, Technical Support, Delivery, Installation, and Parts... FleetGenius is your one stop shop for all your compactor needs.

# THE FLEETGENIUS DIFFERENCE

- Power Units Built by FleetGenius In-House Service Technicians
- 15HP Motors & 12 GPM Pumps Standard on SCs & S2000 Power Units
- "The Flex" Power Unit Provides Soft Shift Hydraulics & Calibrating Technology
- SCs & Stationary Compactors Equipped with Pressure Cylinders with "The Flex" CPU
- "The Flex" with Pressure Cylinders Out Perform & Last Longer Than "Bypass Cylinder" Systems
- FleetGenius PLR & PLC Operating Systems Are More Reliable, Durable, & Easier to Troubleshoot
- System Pressures & Forces Exceed Industry Standards
- "LeakTight" Sealed Gate on SCs Provide Adjustable Liquid Containment

## SELF-CONTAINED COMPACTORS

- The FleetGenius Line of Self-Contained Compactors is specifically designed to compact and contain food waste and liquids.
- Innovative load options such as through the wall security chutes, custom load hoppers & enclosures, cart lifts & tippers, and much more.
- The SC compactor head is equipped with twin "scissor" cylinders to save space and maximize capacity.
- Standard dock load height at 48" or 42" low pro is optional.
- Unique "LeakTight" gate includes 2 ratchets and sliding hinges for adjustment.
- FleetGenius SCs exceed industry standards and excel in difficult applications.

# SPECIAL APPLICATION COMPACTORS

## PreCrushers

- FleetGenius's Precrusher Compactors are equipped for heavy duty, industrial applications.
- Designed to breakdown large, bulky items for better compaction and payloads.
- Ideal for steel drums, appliances, pallets, steel cages, furniture, etc.
- PLC operating systems provides multi-function reliability.
- Available in heavy duty 4 yd and 5 yd capacities.

## Transfer Station

- FleetGenius manufactures large stationary compactors for transfer station applications.
- Customized, heavy duty designs to fit existing sites or be implemented into new sites.
- Reduce trips to landfill by compacting high volumes of solid waste into transfer trailers.
- Available in capacities from 5yd to 15yd.
- Customized load hoppers and chutes are built to specifications.
- Trailer Hook Mechanism Options (Hydraulic or Manual).

## Apartment / High Rise

- Designed to accommodate trash chutes in apartment, high rise complexes.
- FleetGenius Apartment Compactors provide excellent compaction in a small footprint for limited space applications.
- Remote power unit equipped with heavy duty SHP motor.
- Load chute hopper with side clean out door allows access to clear jams.
- Single or dual ratchet connections to the receiver container are available.
- Nominal ½ yd of capacity packs into a mobile 2yd or 4yd receiver container.
- For ease of movement, the Glide Wheel System provides a safe way to move and control the containers.
- The Glide is equipped with an automatic brake feature that stops a runaway container.

## SealPack™ Compactors

- For maximum payloads and containment during compaction, look no farther than the SealPack.
- Ideal for solid waste, small particles, liquid waste, hazardous waste, and much more.
- Equipped with a sealed connection between the compactor and receiver container.
- Sealed travel doors on the receiver contains the waste during transport.
- The elevated compactor discharge into the receiver provides ultimate compaction and containment.
- Smaller ram face and extended ram penetration into the container yields superior compaction.
- Yields 2 to 4 times the compacted waste versus standard self-contained compactors.
- Get the most payload possible for long hauls to the landfill or reclamation center.

## SC with Integrated Fork Tipper & Container

## HD Metal Scrap Compactor Installation with Lubricant Reclamation System

## HD Container Tipper for Chute Fed Compactor

## Dock Mount Container Tipper

Custom "Air Feed" Compactor Installation
